

**REQUEST FOR APPLICATIONS
CIVIL ENGINEER FOR WAREHOUSE RENOVATION
SHEA BUSINESS EMPOWERMENT PROGRAM**

Introduction

The Global Shea Alliance (GSA) is a non-profit industry association established in 2011. The alliance has 817 members from 39 countries including women's groups, brands and retailers, suppliers, and NGOs. Through public-private partnerships, GSA promotes industry sustainability, quality practices and standards, and demand for shea in food and cosmetic products. The Alliance promotes industry sustainability, quality practices and standards, and demand for shea in food and cosmetics. The GSA's mission is to design, develop, and deliver strategies that drive a competitive and sustainable shea industry worldwide, improving the livelihoods of rural African women and their communities.

The SBEP is seeking qualified Civil engineers to identify, renovate and rent warehouses for new shea cooperatives across Northern Ghana. Please find below the minimum qualification and information required.

Requirement:

- Minimum of 10 years' experience in civil and construction engineering
- Ability to engage and work with community stakeholders and partners for the task
- Must have knowledge of the Northern Savanna zones
- Must have experience in similar works

Applicants must review the table below as the evaluation committee will neither make assumptions nor draw inferences regarding missing or incomplete information. The submission of incomplete information could result in the rejection of the proposal.
