

Job Announcement – Shea Oil Regulations

Scope of work

The GSA seeks a consultant to undertake research on the legislation, standards, and norms pertaining to cooking and edible oil in 4 West African countries.

Countries: Ghana, Nigeria, Guinea, Côte d'Ivoire

The consultant will provide a manual that will detail the following:

- Product registration procedures for each country
- Standards and food safety regulations for each country, including quality requirement, maximum levels of contaminants etc.
- Labelling requirements for each country
- Packaging requirements for each country.

Timelines

Deliverable 1 on the standards and food safety requirements for each country on June 15

Deliverable 2: full report on July 31

The manual for Guinea and Côte d'Ivoire should be in French, while the manual for Ghana and Nigeria should be in English.

How to apply

Interested parties must send a CV, cover letter/expression of interest as well as cost proposal by 4th June 2021 to Marie Veyrier, Development Director at mveyrier@globalshea.com
